Our Country in Dire Peril

Will Americans Act In Time To Save Our Country From Disaster?

Republised from **CLOSER UP**
Box 2223, Palm Beach, Fla.

Dear American -

Mr. Kennedy has been conditioned to believe that he and his family are destined to save the world by arriving at a deal with Russia. Mr. Khrushchev, who is nothing if not well-informed (although he makes many mistakes) thinks that Mr. Kennedy is worth trouble. Khrushchev is for ever telling the Chinese that if only they will go slow and not hot up the anti-Communists too much by premature bellicosity, the West will sell out lock, stock, and barrel because, in his view, President Kennedy can be persuaded into far more fatal deals than Laos, Cuba, Italy, and Turkey. It would be grossly unfair to President Kennedy to suggest that he is conscious of all this. He has been infiltrated with it by men far more experienced than himself. We think that he sincerely believes that he is saving the world and absolutely rejects the idea that anything has been injected into his mind. However this may be, it is indeed an amazing scene that we now witness. A major Soviet base within 100 miles of America; all Latin America on the brink; south-east Asia fast collapsing into the arms of Communist China; forty-five vital American bases to be scrapped in a strategic area of immense importance; America kicked out of key areas of North Africa; American influence in the Middle East used to help an anti-western group in the Yemen; American influence used to destroy the only pro-western force in Central Africa (Katanga) . . .

—A British View, quoted from "Intelligence Digest" of March, 1963.

* * * * *

Robert L. Knight headed the United Society of Methodist Laymen, Austin, Texas. A few days before being found dead in his car, he wrote a letter. Here are pertinent parts of that letter:

"Dear (name withheld):

"In reply to yours of 4/6/63 . . . I consider the most ominous signs of these days as:

"(1) New Management—under which even Congress does not have access to facts.

"(2) Executive Orders—already issued for total control.

"(3) Foreign Troop Occupation—of our hemisphere and nation.

"(4) Major Race Riots scheduled within 90 days.

"Yes, the foreign troops are already here (some for more than 1½ years) . . . but did we not, on ratification of the U.N. Charter, cause it to supersede our Constitution? Have we not been under the U.N. and fed One Worldism as fast as our people would accept it?

"In my opinion the total collapse of Christian Freedom can now come at any moment. God gave the answer in II Chronicles 7:14. I believe that it still applies.

"After some revealing experiences during World War II I decided to fight for freedom rather than a fortune. It was my belief that true Christians would stand and fight the

EXPOSES "OPERATION HAITI"

Congressman James B. Utt

anti-Christ together. As a result I am on the verge of bankruptcy. And it appears that in these final hours most will yet insist upon arguing secondary differences.

"I wish that it were possible for me to write encouraging words as to the immediate future but I cannot. ONLY if God's people will make the necessary sacrifice can disaster be avoided. Viewing the situation from where I sit I can easily pray, "Even so, come Lord Jesus."

(Signed, R. L. Knight.)

"P. S. Multitudes of 'civilians (?)' from the South are 'invading' our area now."

(End of Quotation)

* * * * *

In this "last letter" Mr. Knight mentioned race riots which were being scheduled within 90 days. His information would indicate that there was not any accident or co-incidence or happenstance in connection with the race riots that followed in Birmingham, Alabama; and later in the Carolinas. They were deliberately planned—as a part of "Operation Take-Over".

OPERATION HAITI

Another aspect of this "deliberate planning" can be seen in the strange circumstances surrounding the current chaos in Haiti. Although parts of the May 23rd report of Congressman James B. Utt are "dated," it seems important to quote his entire report, because it exposes more of this "deliberate planning."

"At the risk of again being attacked as a 'Fright Peddler,' (by Senator Kuchel-Ed.) I feel that I would be remiss in my duty as a Member of Congress, and as an American citizen, if I did not bring to the attention of the American public another facet of the bungling foreign policy being advanced by the present Administration (we disagree with the use of the word 'bungling'—it was deliberate—Ed.).

"It is with relationship to the situation in Haiti, which is now coming to an explosive head and, in fact, may explode before this report reaches the public. As of the day of the preparation of this report, the six-year

term of Francois Duvalier as President of Haiti expires, but he will remain in office under the protection of his private army until the day he is murdered or replaced.

"There is no question but that Duvalier is an unconscionable dictator and is not giving and has not given Haiti good government, but the fact is that the American press, both in the United States and Latin America, are building a hostile image of him as a "bloody-voodoo dictator." This propaganda, of course, will create world opinion for the liquidation of Duvalier. This liquidation is not for the purpose of bringing representative government to Haiti, but for the sole purpose of creating a political vacuum in order for the Communists to take control.

"This is the same pattern used to create Castro's Communist Cuba, with full knowledge on the part of the State Department that Castro had a ten-year violent Communist record. This record was fully supported by the hearings of the Senate Internal Security Committee and yet, with this record of disaster, our government intends to stand idly by and permit a complete Communist take-over in Haiti. (This same pattern was used in the case of the Dominican Republic, and is being used in the case of Brazil-Ed.)

"The State Department withdrew military and economic aid from Haiti and forced Duvalier to turn to the Communists for assistance. The State Department mistakenly (again we object to the word 'mistakenly'—Ed.) thinks that the removal of Duvalier, in itself, will solve the problem, but it will not because the advanced guard of the International Communist Conspiracy is consolidating its political power in Haiti. This will be complete in a few days or a few weeks, and will be followed by the movement of Communist technicians and Soviet troops, armament, and nuclear missiles into that little country. —

"Many of Duvalier's Cabinet Members are confirmed Communists and they include Clovis Desinor, Minister of Commerce and Industry; Dr. Herve Boyer, Minister of Finance; Luckner Chambronne, Minister of Public Works; Jules Blanchet, a French Communist in charge of giving foreign aid and economic assistance to Haiti from Poland and the Soviet; Dr. Jacques Fourcand, Director of Social Welfare, and I could name others. These men are all backed by Castro and are now in the process of delivering Haiti to the Communists.

"The situation in Haiti has deteriorated to a point beyond the ability of the State Department to cope with (they planned it that way—Ed.), and demands immediate military action on the part of the United States government if we are to prevent the establishment of another Communist Satellite in the Western Hemisphere. This government fails, refuses, or neglects to stop the steady advance of the Communist encirclement of the Western Hemisphere.

"It must be noted that Haiti borders on the Dominican Republic which, even now, has a pro-Communist 'President,' placed in office with the support of the State Department. With the example of Cuba still fresh

—o— Please turn to page 2 —o—

Our Country In Dire Peril

— Continued from page 1 —

In our minds, how is it possible to have it duplicated, except by intent and design of those in power? I think I can give you a clue. In a recent memo circulated within the Administration by its chief advisors, McGeorge Bundy and Walter Rostow, it is stated that **it should be the policy of this country to discontinue any aid to Freedom Fighters in any country in the world, in order to reduce tensions with Mr. Khrushchev.** This memo further states that, should a Communist regime be established in any country, it should be the policy of the United States to use every effort short of war to see that that regime survives. That is a policy of suicide. The effort of the State Department to explain away the above mentioned memo is something to behold. It must have come directly from the same voodoo doctor that President Duvalier consults.

"If something is not done quickly by way of military intervention to establish law and order in that little Republic, you will see, within a year, three Soviet military bases in the Caribbean with nothing between them and Puerto Rico but a few miles of ocean.

"At this point it is interesting to note that Haiti has had its independence from France for as long as we have had our independence from Great Britain and, yet, Haiti is still as undeveloped and uncivilized as it was more than a century and a half ago. With this in mind, how can you expect to bring law and order, freedom and liberty, to the so-called emerging nations of Africa in a year, a decade, or a century? Some people think it can be done with money, but money is not always a blessing. It has to come from the love and desire and initiative of the people. It cannot be put on like frosting on a cake."

(End of Congressman Utt's Report).

EXAMPLE OF A "FRIGHT LETTER"

Perpetrators of this deliberate plot to establish World Government, and their power mad stooges who can't understand they'll be the first to be liquidated if and when total dictatorship has been accomplished; all of these devils and their dupes are scared because of "fright letters" which are flooding the members of Congress. They resort to name calling, smears and accusations of paranoia on the part of the letter-writers; all in an effort to bemuse the people. The recent speech of Senator Kuchel (which he obviously was ordered to read, from a "prepared" text) is an example of this attempt to bemuse. But it is impossible for these planners to deny the truth which inspires the writing of these so-called "fright letters."

For example: here is a "fright letter" which was sent to a Senator. TRUTH rings through every sentence of the letter, engendering "fright" of course—but it's about time the American people began thinking of such things as these. Here is the letter (an authentic copy):

* * * *

Dear Senator:

How much time will be required to destroy our army, navy and air force and to place the United States under the control of the United Nations' police force? Shall we have time to get many of our children and women to places of safety?

You can understand, Senator, we don't want American children to have their arms, legs and heads cut off; we don't want American women raped (a phrase here omitted —Ed.); we don't want American nuns thrown naked into buildings for U.N. troops to rape; we don't want American men fed into sawmills and sliced to ribbons. Horrible? Yes! Thus children, women and men have been killed, raped and butchered by U.N. troops in the Congo and Angola. Bestiality has been and is prevalent wherever there are U.N. troops. We have the data and much more than the above. Having had experience with war in its butchering phase, we can face reality. Try, also, to face reality, Senator. Don't let your subconscious mind coax you

into believing it can't happen here. Already U.N. troops are entering the United States to use Americans as guinea pigs for their guerrilla warfare and counter insurgency training. Whom are they preparing to kill? Many in this area think this is a movement towards dividing the United States into four zones, each zone to be policed by foreign troops as was shown in the map put out by the World Parliamentarians (and reproduced for distribution by many patriotic publications including Closer Up—Ed.).

That an American legislator should introduce such a bill as S. 777, that American legislators should vote for such a bill is unbelievable! We can understand men such as the Kennedys—men of limited perception and sick with the greed for power—complying with the demands of their masters, the cabal of communistic International Financiers and their henchmen of the Council on Foreign Relations; but that legislators, supposedly loyal citizens having a little integrity, should sell their country to a predatory power that is determined to turn our Constitutional United States into a slave enclave surrounded by communist countries and brutally controlled by a U.N. police force—well, the obvious facts are sickening. The ancestors of several among us in this area fought for our freedom in the American Revolution. Shall we have to use our six-guns to win back that freedom? Is that why U.N. troops are being trained for counter insurgency? To kill Americans who fight for their freedom?

We suggest that your secretary show you this letter for we are being made desperate by the treason and collusion of the Washington Administration; and we are not the helpless, gelatinous sub-species the CFR seems to think we are. We are not afraid to give our lives to preserve freedom for American children.

Sincerely yours,
(name withheld)

* * * *

PROOF OF THE CONSPIRACY

On December 6th, 1962, a dinner was held for journalists in Washington. One of the speakers was Arthur Sylvester, Assistant Secretary of Defense and Chief Information Officer for Secretary McNamara. In defending his policy of lies to the American people about the Cuban "invasion," Sylvester told the reporters:

"It's the inherent right of the government to lie to save itself. I had 37 years of honest life (as a newspaperman) before I turned dishonest (as an Administration information officer)."

Anyone who has followed the various counter insurgency training programs knows that so many outright lies have been handed out as "official information" about those operations that but one conclusion is possible: the policy of lying is intended to deceive the American people, not any enemy of the American people!

And the lying is being done to save the government, not to save the Nation, or the people; but to save the government!

And why should a government which is the enemy of its own people be saved? Because certain of the "leaders" of that government hope to gain even more power and self by integrating this "government" into a vaster, more powerful World Government where they hope to have bigger jobs, more power, more pay.

Blind leaders of the blind, perhaps; for they'll be the first to be shot in the back of the head and thrown into the community ditch which will serve as their common grave, once their usefulness is at an end. But this does not justify our following them to the edge of the ditch and falling in after them!

We hope that these myopic do-gooder humanists will at last realize that their fate is far worse than the fate which awaited men like Robert L. Knight and others who gained life by losing it.

This Satanic Conspiracy began to be put into operation in 1913, with three important

changes in the American system of government: 1) enactment of the Federal Reserve System whereby the International Financiers gained control of American currency and American credit; 2) approval of the 16th Amendment to the Constitution of the United States whereby economic enslavement of every individual could be assured with the passage of time; 3) passage of the 17th Amendment whereby the individual States lost their power to control the abuses and curb the power of the Federal Government.

The next step was to have been the creation of a World Government—but the United States Senate refused to permit our government's entry into the League of Nations.

That's when the alternate plan was adopted by the Master Planners. They would create a bogeyman, to scare the nations of the world into the acceptance of World Government. That bogey-man creation was Bolshevik Russia; created by, nurtured by, strengthened by, and protected by the Master Planners, who at the very beginning also created certain clubs of organized dupes to act as front for and promoter of their plans, the chief such American front being the Council on Foreign Relations, the creation of that master Illuminist, Edward Mandel House.

With Roosevelt, World War II, U.N., and the bogey-man empowered by nuclear weapons, little is left save a few necessary details yet to be worked out—and the American people will be hoodwinked into rushing joyously to destruction.

Presently, it is necessary to keep the world in constant turmoil; in Africa, Latin America, Asia, Berlin—until the American people will become so sick of it all as to accept sanctuary (and enslavement) in a One-World Government. But there is one kind of turmoil which the master planners will not permit: that is the kind of turmoil which might cause any revolt against Russia! For the bogey-man must remain a bogey-man until fulness of the mystery of iniquity can be revealed.

The Communist menace must be held up as the dread alternative (entailing nuclear destruction if we get too tough with the Soviet); and we must be conditioned to accept Socialist World Government as the only alternative to destruction!

Therefore, we cannot be told the truth and "news management" is essential if the master planners are to succeed. Therefore, UN counter insurgency troops must be prepared to take care of those "paranoid Christians and Patriots" who resist World Government. Therefore, Government must have its "Executive Orders" legalized and ready for the necessary "military occupation" which will be required in the name of 'peace and order.' And this "constant state of turmoil" must be brought to and made manifest within the borders of the United States itself: hence the planned race riots which the Communist-fronts in the United States are conducting.

But—and we repeat—this "constant state of turmoil" must not be allowed to affect or harm the bogey-man. Hence, that memo circulated by McGeorge Bundy and Walt Rostow to the effect that it must be "the policy of this country to discontinue any aid to freedom fighters in any country in the world, in order to reduce tensions with Mr. Khrushchev," and "should a Communist regime be established in any country, it should be the policy of the United States to use every effort short of war to see that that regime survives!"

To paraphrase the CFR and IPR spokesman, Owen Lattimore, the policy of our Administration is to "aid and build and strengthen Communism everywhere in the world, without allowing it to become apparent that we are promoting Communism. Indeed, Communism must continually be singled out publicly—as the enemy, even as we aid and abet Communism—privately—in every part of the globe.

This policy is not promoted because these master planners are themselves Communists. It is just that they created Communism as their bogey-man in order to seize control of the world. They can blame Communism for all the ills of the world, point to Communism as the enemy, and thus use Communism as a cloak and a shield to hide their Satanic Conspiracy so that they themselves will not be exposed and destroyed in case the plan should fail.

In this sense, many sincere anti-Communists who fail to see the real conspiracy are actually aiding and abetting the Conspirators by their constant defense of treason within our own government by referring to State Department actions as "mistakes" or "bad judgment" or anything other than deliberate acts of treason against the United States, and as such treason is defined by the very Constitution which these men have sworn to defend against all enemies, both foreign and domestic!

We agree with the late Mr. Knight that our greatest dangers are—not Communism as such—but:

1) News management which prevents even the Congress from knowing what's going on;

2) Executive Orders which can throw us into a "Dictatorship of the Executive" any moment Kennedy's advisors feel it necessary;

3) Foreign Troop Occupation which is the inevitable result of total disarmament;

4) Major Race Riots which will pave the way for implementation of those "Executive Orders."

We can meet the challenge in one of three postures; 1) on our knees praying for mercy and guidance from the one and only true God; 2) on our feet as Soldiers of the Cross armed with the "whole armour of God," or; 3) on our backs because we cried. "Give me liberty or give me death." There is salvation in any of these three postures—if we place Him first in all things.

Old Glory and America First

By COURT ASHER

RING, GRANDFATHER, RING FOR LIBERTY! As a small lad ran up the stairs to the bell tower yelling, Grandfather did then ring the Liberty Bell. Sure it was the signing of the Declaration of Independence. The Bell informed the world in general that we, Americans, would never again respect the "divine right of kings," that we were free men, that we would no more bow to the Old World feudal lord system of government. Men, NOT sheep or mice, signed that Declaration.

Read, absorb this important clause of the declaration: — "WHENEVER ANY FORM OF GOVERNMENT BECOMES DESTRUCTIVE OF THESE ENDS, (The Declaration of Independence) (The Constitution) IT IS THE RIGHT OF THE PEOPLE TO ALTER OR ABOLISH IT."

George Washington's stern warning: "Beware of foreign entanglements — put ONLY Americans on guard." We have heeded NOT the warning, our government HAS become destructive to our freedom, the Constitution, Christianity and the White race. "Trick words" and definitions via the Supreme Court and our Government, by coercion, trickery, bribery and traitorism have supplanted the meaning and intent of our Constitution. The Bill of Rights placed control of the government in the people; the right to make war, (even phony police action) all serious chores of government — distinguishing a free, ambitious, proud, courageous nation with each INDIVIDUAL having divine rights; the RIGHT to life, liberty and pursuit of happiness. "Democracy," collectiveness, conformity were NOT mentioned as a straight-jacket in that sacred document. Article one states that ALL legislative power shall be vested in the Congress — NOT in dictatorial

bureaus. It IS discrimination to force White people to integrate with Negroes.

Washington, Valley Forge, surrender of Cornwallis. "No king," the patriots shouted. "No dictator, not even Washington, our hero." That was the BIRTH of our heritage, freedom, independence and a CHRISTIAN Nation. We continued to be a fearless, proud, free nation until F.D.R. was elected. That was the fatal day for us. From then on until NOW, a combine of organized JEWS has slowly, surely taken over control of our government; abolishing Constitutional government, our freedom, independence, morals, sovereignty, reducing us to a nation of sheep, cowardly, without pride of ancestry, or hope of posterity. We are today NOT a free people. We are a nation under the direct and indirect dictatorial rule of a Jew feudal lord system.

The "free peoples," "free nations" hogwash drummed into our ears via Jew owned, controlled TV, radio, movies, press, commentators is merely a brainwash. The Constitution, the Bill of Rights and all things American have been trampled upon and discarded. We are a disgrace to our birthright, heritage, to Christianity and our Flag. Now via the Supreme Court we are told that "the law of the land" is to ignore, disrespect Christ and our Creator. The invisible-to-some Internationalist Jew combine is hell bent on destroying Christianity, the White race and enslaving us under a One World dictatorship.

Kennedy, as much a betrayer as F.D.R. was, submitted a plan at the Geneva alleged conference for our disarmament and substituting a United Nations military over us and the world. This was done unbeknownst and without consent of Congress. I say, Kennedy is a betrayer, and should be impeached. He carries on where the arch-scoundrel, traitor, F.D.R. left off when his STRANGE death without any people permitted to view his body occurred.

Life, liberty, pursuit of happiness does NOT mean I must integrate with Negroes, Jews or ANY race. We have millions of useless political parasites on the government payroll. They live high on the hog on our earnings stolen from us in taxes. They vote and carry on the One World plan for our enslavement. We give billions to foreign nations, mostly our foes while millions of Americans live in semi-poverty. This money is also stolen from us via taxes. We have a Supreme Court that makes "personal opinions" according to the Jew Deal sociology, and calls them the "law of the land."

I had the honor, distinction of being one of the 30 indicted in 1942, in Washington, D. C. (District of Communism) on charges of sedition. I was never tried or convicted. None of the 30 patriots were. As editor, publisher of a weekly newspaper in Muncie, Indiana, I had written and published TRUTHS about the betrayer and scoundrel Franklin D. Roosevelt. All those truths, facts have long since been proven. Aristotle said, "only the enslaved are of equal equality." How right he was. We are now, THE MASSES, of equal equality, laboring, paying taxes that satraps may herd us, foreign nations live off our earnings, and International Jews call the tune as they rub their hands and count the toll extracted from us, an alleged 'Free People.' Let us pray a Joan of Arc will emerge to lead us back to freedom.

Since the unlamentable death of F.D.R., the American voters have had no choice in selecting a president. BOTH major parties have controlled nominations. We get tweedle-dum and a tweedle-do candidates, both One World Jew dominated. Ike was a Trojan horse candidate. If MacArthur had been president instead of Ike we would now enjoy peace, freedom and happiness. Truman, Ike and Kennedy are aware that they piloted on a path of destruction.

Cowardly statesmen, the people in general have been afraid to protest our betrayal. The few who have so dared were subjected to smears, persecution, — some murdered. Voters should demand each and every candidate on both major tickets pledge themselves to IMPEACH Kennedy, the SUPREME COURT, and prosecute the many traitors in our government, especially our Red infested State Department.

The nest of traitors in the UN should be exposed along with native cohorts. Then get the U.S.A. out of the UN and the UN out of the U.S.A. We could more easily restore freedom and remove the stigma we have cast upon our pioneer ancestors.

Americans are awakening. Democrats and Republicans must join hands to restore freedom and pride in our country. REBELLION could come if Congress fails to do its duty.

We must demand of all candidates that they PUBLICLY pledge loyalty to one flag, Old Glory, and America First in all instances. Also denounce the traitorism in our government for the past 30 years. Only candidates honest and fearless enough to denounce One Worldism, and New Frontierism as traitorous should receive your vote.

The Being the Administration now fights is God, our Creator, and He will give us courage to carry on His plans.

OUR CONSTITUTION

By J. Johnston McCauley

According to the Constitution this country is a republic. Not only has it been built around the structural frame-work of its distinctive charters, but it is also the crystallized reflection of a typical American philosophy that has guided its great leaders in the past, in thought and action.

Said Edmund Randolph, a Constitutional Convention delegate:

"To provide a cure for the evils under which the United States labored; that in tracing these evils to their origin every man found it in the turbulence and trials of democracy."

Samuel Adams, another Convention delegate cautioned:

"Remember, a democracy never lasts long. It soon wastes, exhausts and murders itself! There never was a democracy that did not commit suicide."

Delegate Benjamin Franklin exclaimed:

"This is a republic, if we can keep it."

Alexander Hamilton observed:

"It has been observed that a pure democracy if it were practicable, would be the most perfect government. Experience has proved that no position is more false than this. The ancient democracies in which people themselves deliberated, never possessed one good feature of government. Their very character was tyranny; their figure deformity. We are a republican government. Real liberty is never found in despotism or the extremes of democracy."

John Marshall said:

"Between a balanced republic and a democracy, the difference is like that between order and chaos."

The great English philosopher Herbert Spencer advised:

—o— Please turn to page 4 —o—

Our Constitution

—o— Continued from page 3 —o—

The republican form of government is the highest form of government. But because of this it requires the highest type of human nature, a type no where at present existing.

Historian Thomas Babington Macaulay said:

"I have long been convinced that institutions purely democratic must sooner or later, destroy liberty or civilization, or both."

Another great historian, Ralph Waldo Emerson, noted:

"Democracy becomes a government of bullies and editors."

The prolific writer H. E. Mencken wrote:

"The most popular man under a democracy is not the most democratic man, but the most despotic man. The common folk delight in the exactions of such a man. They like to boss him."

Another writer and author, Oscar Wilde stated emphatically:

"Democracy means simply the bludging of the people, by the people, for the people."

Writer J. Johnston McCauley commented:

"A balanced republic and a democracy are definitely incompatible. Democracies are prone to war and consume them. Democracy, which began by liberating man politically, has developed a tendency to enslave him through tyranny of the majorities and the deadly power of their opinion. If ever free institutions of America are destroyed, that event will arise from the unlimited tyranny of the majority."

Suffice it to say that the adoption of a democracy as a form of government by all European nations is fatal to good government, to liberty, to law and order, to respect for authority, and to religion, and must eventually produce a state of chaos from which a new world tyranny will arise.

Towards a Godless America

Thomas Jefferson, author of our Declaration of Independence, declared the Constitution which founded and perpetuated our Republic to be:

"The greatest event since the birth of Jesus Christ. The Constitution and Jesus Christ are the cup of light to the whole world. THAT LIGHT MUST LIVE."

For more than half a century, a persistent, well-organized, well-financed minority has been laboring to extinguish that light. In 1907, 56 years ago, press and pulpit united in condemnation of San Francisco's State Senator Edward I. Wolfe's urging the Chaplain of the Senate to delete the name of Jesus Christ from the Senate's morning prayer.

Bishop W. H. Moreland, in a sermon in Trinity Church (Episcopal) of Sacramento, commented:

"It is a strange thing that here in the United States, a land famous for religious liberty, there should have broken out such an exhibition of intolerance as lately disgraced the Senate of this state. The Chaplain of the Senate, a Christian minister, is asked to omit the name of Jesus Christ from his prayers, lest it offend the susceptibilities of Jews in the audience . . . If the name of Jesus Christ is to be eliminated at the request of the Jew, then the name of God may be omitted at the request of an Agnostic."

Within fifty years after Bishop Moreland's sermon, a super world-government was set up with its headquarters in New York, the United Nations, where the word God is not allowed to be spoken.

Bishop Moreland's sermon was published in full in the Sacramento Union for January 21, 1907. Senator Wolfe's "explanation" was printed in the Senate Journal for January 23, 1907, pages 171-2-3. For a trifling fee, photostat copies can be had of the two by applying to the State Library at Sacramento, California.

Sincerely,
Franklin Hichborn

The United States must get out of the United Nations

The United Nations' Charter states its purpose to be the maintenance of international peace and security. The U.N. has been supported by uninformed idealists in the hope of world peace. But it has betrayed its avowed purpose and become a Trojan horse in our midst.

Since the signing of the U.N. Charter in 1945, aided by every U.N. military action, the communist empire has expanded.

The U.N. attempts to supersede our Constitution in the conduct of foreign affairs and the United States has only one vote out of 110.

The United States has contributed money to a U.N. fund that is giving agricultural aid to Cuba.

The United States, through the U.N., has helped produce enemy pamphlets.

The fact is clear that the U.N. was promoted by communist design.

Rep. James Utt (R. Cal.) and Rep. Bruce Alger (R. Tex.) have identical Bills (HR 427 and 263) to get us out of the United Nations, in the House Foreign Affairs Committee. Write your Congressman and Senators to urge Chairman Thomas Morgan (D. Pa.) to schedule hearings on these Bills.

Mrs. Seth Milliken, Chairman
Public Action, Inc.
131 East 69th Street,
New York 21, N.Y.

General Edwin F. Walker

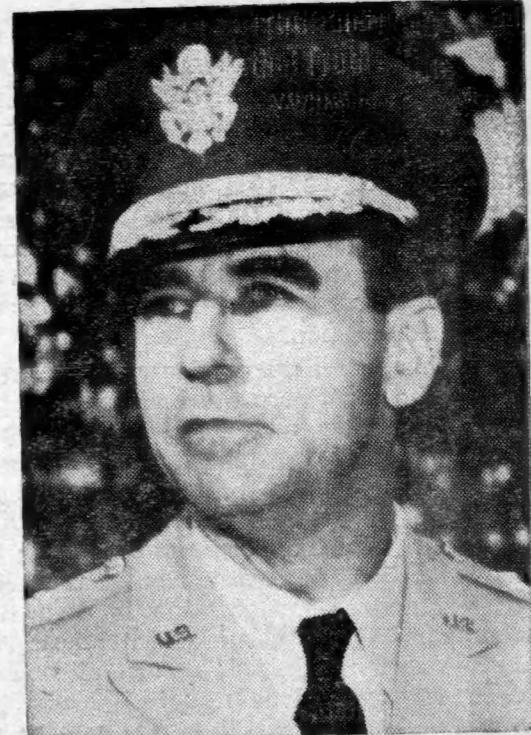

"There are hundreds of Jewish generals and admirals in the Soviet Union," said General David Dragunski, himself a Jew, at a Press conference in Paris.

* * * *

Some people become excited when accused of being "anti-semitic," however ridiculous to those of us who know that all followers of Christ are considered "anti-semitic" by the anti-Christ forces.

Joseph Dunner, prominent Zionist writer, in the REPUBLIC OF ISRAEL, page 10, states:

"To Christians of all denominations Jesus is the symbol of all that is pure, sacred, and lovely. To Jews from the fourth century on, Jesus became the symbol of anti-semitism, of libel, of cruelty, of violent death."

General Edwin F. Walker was the victim of a conspiracy; but Dr. Charles E. Smith, the government psychiatrist, was the strongest influence in having him sent to Springfield, Missouri, and put in a solitary cell. The warden at this penitentiary said that he would have to go through several months of tests before they could be sure about him. It is important to know that Charles E. Smith's real name is Kanter and that he is the son of a Russian Jew. As a psychiatrist he proved himself a joke.

In a Court hearing November 20 and 21, 1962, Dr. Charles E. Smith testified he entered the field of psychiatry in December of 1945, and that his only experience as a medical doctor was "Well, I have done hernias, repaired hernias. Well, I would say less than, less than ten; something around ten, perhaps." He also admitted that his family name is not really Smith but Kanter, and that "my father came to this country as a youngster from Russia." When asked "Do you recognize that the Communist enemy is the most effective infiltrating enemy in the history of the world?", Dr. Smith answered: "I am not an authority on that." When asked, "Do you feel that we are immune as their (communist) number one target from such infiltration?", he answered. "I can't answer that."
